1) Fits the profile, but profile can't be cut in 45deg angle  
 2) Led-strip fits, but end cap does not fit  
 3) Requires a 24V power source

4) Requires casing (for outdoor use and areas with need for IP-rating)  
 5) Requires a 12V power source  
 6) IP20, suitability must be confirmed

7) Precise installation in middle of profile  
 8) Only for single channel use  
 9) Installation without end cap with hole
