

Atlas

Atlas is a classic park luminaire that combines modern lighting technology, high impact resistance, and superior energy efficiency. Light distribution designed for area lighting makes Atlas an ideal solution for a wide range of applications in parks and squares as well as yards and footpaths. The luminaire can be customised to meet your needs. Atlas is made of high-quality durable materials, and it can be directly mounted on a Ø 60 mm post. A glare shield is available as an accessory that allows you to limit the light in the undesired direction. Additionally available as Dali-2, Night Dim and Casambi versions.
