# Slimline 8 Wide

Slimline 8 Wide is a clean-lined, low aluminium profile for LED strips with a maximum width of 20 mm. The wide profile is also compatible with Apus quick connectors. Surface mounting on a ceiling, on a wall, or beneath worktops. A bracket and end pieces with or without wire opening are available as accessories. Slimline 8 Wide R is available for recessed mounting.

- Anodised aluminium body, transparent or opal UV-protected polycarbonate diffuser.

- Suitable for use with Apus, Norma and Coloris (IP20) LED strips and with ballasts compatible with them.

- When used with the diffuser and end caps available as accessories, the profile meets the IP21 protection class requirements.

- The profile is available in 1 m and 2 m lengths and with a clear or opal diffuser.

- End caps and mounting brackets are available as accessories.

- Custom-made profile lengths (max. 6 m) are available on a project-specific basis.

- Check the compatibility table for our LED strips and profiles.
